Autodesk Inventor Professional 2018 32 bit kickass torrentGoogle not expanding into Africa even with competition from Facebook FORTUNE — If you visit a Google map anywhere in Africa, you'll see blue pin-points representing Google offices. Notably, these pins are in places like Kenya, Uganda, South Africa, and Nigeria. They're meant to represent the presence of offices for Google Ideas, a research and development arm of the company. Google also has a large presence in the company's headquarters in Mountain View, Calif., with 300 employees and some 1,200 contractors. But, on the continent, those offices are the exception. Google's footprint is nearly non-existent in the continent of Africa. "Africa is not on Google's radar in terms of expansion," said Lars Kocht, a partner at the Hamburg, Germany-based mobile media agency Augment. "Even though Facebook has been in Africa for a while, it was not in a place where there was Google to contend with. That was understandable, because Google was a business-first company and Facebook was more about social."
