[Guide]: Urban Reign is an arcade Game developed by Humongous Entertainment and published by Midway Games and is available for download on Android, iOS, and PC. Urban Reign is a racing game, but offers players a real-time strategy experience. It plays similarly to the classic strategy games, with addition of a MOBA twist. Players will race their friends to collect resources, build defenses, and use an army of cyborgs and, artificial intelligence for resources to attack the enemy base. Urban Reign Game Play The game map is split between two sections: Home/Hyde and City. The player starts off at the Rebel Base where they will build an army, establish a cyborg factory, and research new upgrades for their cyborgs. The city map is fully player-controlled and has multiple objectives. The player can attack other players, steal power ups from them, and defend the city. However, players need an army in order to defend the city and attack the enemy base. The city is similar to how the City of Metro - PUBG - is setup. You have, Tether Towers, Power Plants, Flag Towers, spawn points, and a safe zone. Features Urban Reign features a full city environment for players to attack or defend. Players will attack other players while defending against enemy attack. Players can hide their base, use the environment to their advantage and manage their resources for upgrades and technology. There are also three maps that players can choose from. There is a vastly different experience between playing on the console and the PC version. In the PC version, players can play online or offline with multiple settings to configure the game. Urban Reign game setting is setup like PUBG / DOTA 2. Players can use an auto-aim assist, controller, keyboard, mouse, or gamepad. There is also a [PC] mouse and keyboard for the console version. Clone Feature There is a Clone Feature in the game, which functions like PUBG / DOTA 2. Players can place down tiles to build clone factories which will spawn clones for the player that is first to activate the factory. Clones can utilize weapons found from other players on the map. My Gaming Tips BUILD YOUR BEST ARMY Players need to build a strong base to defend their city from attacker attacks. They will require a wide variety of resources to defend. Players must find ways to build the strongest army or else they will
