Illumination is a 3D survival horror game being developed by Russian studio - The Moloch Team, inspired by the George A. Romero classic film. Two fishermen from a lighthouse called 'New Lighthouse' take a vacation at the shore of Black Sea. When the lighthouse is suddenly attacked by an unknown creature, they are the only ones who survived. Now, they have to stay alive in a long winter night, hunting for food and shelter in an abandoned lighthouse. If the fisherman don't find a way to leave the lighthouse in time, the creature will follow them into the depths of the Black Sea. The fate of these three men will be decided by the decisions they make. But the fate of the lighthouse is also at stake. Will the lighthouse fall into the hands of the predators? Blood pressure increases as the systolic and diastolic arterial pressure exceeds a certain level. Hypertension is defined as systolic pressure $> \text{ or } \geq 140$ mmHg and/or diastolic pressure $> \text{ or } \geq 90$ mmHg. It is important to measure blood pressure at least four times at home and once at the doctor's office to assess the true blood pressure. Hypertension increases with age. Blood pressure also increases with increased salt intake. Smoking, obesity, diabetes mellitus, and sedentary lifestyle are associated with high blood pressure. The control of hypertension should be treated early. The goal of the treatment is to control the blood pressure. There are several classes of drugs to control blood pressure. There are five common forms of treatment for hypertension: lifestyle modification, beta-blockers, calcium channel blockers, angiotensin-converting enzyme (ACE) inhibitors, and angiotensin-receptor blockers.Diseases with immune-mediated pathology are the leading cause of death in small animals,
