"Creative, deep, and fun." "Seriously, if you have never played this before I suggest you try it out. The game has many aspects to it that make you feel like you are something special when playing it." "The game is visually appealing." "The camera is a bit annoying at times, but I love the story and I can see this going far." "If you like action games then you will not be disappointed." ELDRITCH — A genre of fantasy fiction where a hero tries to navigate around a world covered in ash, a world that caters to a very specific audience. The game, Eldritch - Tarnished, introduces itself on the Lands Between, as in a dimension where the physical laws of the land don't follow the laws of the fantasy genre. In reality, you could fly, there would be no gravity, and a man could accomplish feats that could only be dreamed of by the most famous and powerful heroes. Without a doubt, there's a stage in the life of a junior high school boy that's filled with all sorts of curiosity. The first stages of your life are when you first start attending classes and you're wrapped up in all sorts of things — the environment of the school, the friends, teachers, neighbors, the school band, etc. Back then, all you could think about was grabbing your friend by the arm and asking, "Hey, isn't that a girl?" and then the dumbstruck look in your friend's eyes as they tried to reply. And in a similar fashion, I also had a lot of such questions. For example, what if a person could fly? What would it mean to run? What would it be like to become immortal? And so on. When you start playing a new game, you're bound to spend a lot of time just absorbing what's happening on the screen. What's new in Elden Ring:**Battle System**

In battle, you will be using real-time abilities that form a party, and the true strength of a party is measured by "Synergy". You can use synergy energy to assign energy to each character in your party based on his/her stats, or allocate other stat effects that can be used at the same time. This action is even more powerful than knowing a hero's strength since it allows you to assimilate various elements and completely influence the battle situation.
