
reported 509 assaults on campus. Over the course of the three-year study, they reported an average of 12 sexual assaults per year. Most college students seem to believe that campus sexual assault is a problem that should be taken seriously. There are specific support mechanisms that campus administrators can utilize to get help for those who do not understand what to do when they are assaulted. In many instances, especially those that occur after 2 a.m., there is no police officer to assist them. Even if a police officer did arrive on campus, it is unlikely that there would be any evidence left to prosecute the perpetrator. The point of this article is not to cause campus administrators, faculty or students to panic. Most will be surprised that sexual assaults actually occur on campus. Rather, I have chosen to address this issue because it is so underreported. How to deter a serial rapist from future victimization. According to the Department of Justice, the conviction rate for sexual assault is only 29 percent. This is higher than the conviction rate for any other crime, but still 1cdb36666d
