On-line support and Community forums are available through the AutoCAD web site and by means of Autodesk Application Exchange (Apex) History Autodesk's first AutoCAD release was version 1.0, a command-line program (autocad.exe) launched from DOS. This was followed by Autocad 2000 for Windows, which introduced the user interface. In 1996 Autodesk acquired Meridian Systems, creator of AIM (autodesk international manufacturer). Meridian Systems was dissolved in 1997 and then Autodesk released AutoCAD 2000 extensions that used Meridian's AIM functionality. The main goal of Autodesk's AutoCAD was to bridge the gap between the Windows world and the DOS world. Most new features were only available in Autocad for Windows, but the functionality of Autocad for DOS was kept up to date. In 1998 Autodesk acquired The Sandium Corporation. Sandium's AutoCAD extensions, based on Microsoft's Component Object Model (COM), were distributed as part of the AutoCAD 2000 release. Sandium's COM extensions were discontinued after the release of AutoCAD 2004. Subsequent versions of AutoCAD included numerous improvements in user interface and features. In 2006, Autodesk released AutoCAD R14.2, the first release of the AutoCAD R product line for architectural, engineering, and construction (AEC) users. The product contained several enhancements including the introduction of the Mesh-based design model. AutoCAD 2010 Autodesk released AutoCAD 2010 on October 1, 2009. It is a completely rewritten product with a clean design that is focused on speed and ease of use. AutoCAD 2011 AutoCAD 2011 was released in October 2010. Features and improvements introduced include: Increased DWG import and export capabilities via DGN and DGN Format files Performance enhancements to the drawing viewing and rendering processes New N-shaped and N-portal extensions Support for Microsoft Windows Vista and Windows 7 Advanced DesignCenter, a web-based user interface, is included Toolbars, palettes and workspace improvements for increased ease of use and productivity A redesigned Ribbon interface System improvements include a single installer (Autodesk AutoCAD 2011 SystemUpdate.exe) that provides automatic updating functionality for all user components AutoCAD 2012 AutoCAD 2012 was released on October 1, 2011.
